

Year 4 Planning

Week commencing 13th July, 2020.

#AimHighSucceedBeHappy

	Maths	English	Foundation
Day 1	<p>https://classroom.thenational.academy/lessons/to-describe-positions-on-a-2-d-grid-as-coordinates Describe positions on a 2-D grid as coordinates In this lesson, you will be revising the names of different types of 2D shape. We will begin to explore how shapes can be referred to on a grid using coordinates. We will learn about the x and y axis and how to read coordinates to locate points on a grid. We will use the correct mathematical language for shape and coordinates for a variety of quadrilaterals.</p>	<p>https://classroom.thenational.academy/lessons/reading-comprehension-fact-retrieval-d9fe16 Diary: Reading Comprehension – Fact Retrieval In this lesson, we are going to retrieve information using a diary.</p>	<p>https://classroom.thenational.academy/pe/pe-with-joe-or-19th-june P.E – Joe Wicks P.E. with Joe Wicks</p>
Day 2	<p>https://classroom.thenational.academy/lessons/to-plot-specified-points-and-draw-sides-to-complete-a-given-triangle Plot specified points and draw sides to complete a given triangle In this lesson, you will deepen your understanding of coordinates by plotting various types of triangle onto a grid. We will use our knowledge of triangles to name the type and follow instructions to meet a range of criteria.</p>	<p>https://classroom.thenational.academy/lessons/to-identify-the-key-features-of-a-diary Diary: Identifying the features of a text In this lesson, we are going to identify the features of a diary.</p>	<p>https://classroom.thenational.academy/lessons/what-resources-does-chile-have Geography: What resources does Chile have? In this lesson, we will be analysing the various natural resources that can be found in the South American nation of Chile, looking at how geography has helped to determine this.</p>
Day 3	<p>https://classroom.thenational.academy/lessons/to-describe-movements-between-positions-as-translations-of-a-given-unit--5e9aef Describe movements between positions as translations of a given unit to the left/right or up/down In this lesson, you will continue to move a variety of shapes from one position to another on a grid. You will look at the translation of shapes a given number of units up, down, left or right. We will further develop strategies to reposition these shapes and check that we are working accurately.</p>	<p>https://classroom.thenational.academy/lessons/to-write-our-own-composition-using-the-key-features-of-a-diary Diary: Write a diary which included the key features In this lesson, we are going to plan and write a diary.</p>	<p>https://classroom.thenational.academy/lessons/how-does-resource-exploitation-cause-problems Geography – How does resource exploitation cause problems? In this lesson, we will learn about the impacts caused by the extraction of natural resources around the world.</p>

Year 4 Planning

Week commencing 13th July, 2020.
