Noah's Ark, David and Goliath, Daniel and the Lion's Den. Discuss what can we learn from these stories. How can reflect these stories to our own lives.

Pupils to listen and respond to the story of the 10 Commandments. Talk about rules: Where do we have them? Why? Can the pupils compare the similarities and differences of the 10 Commandments to the rules of another Faith group e.g.: Buddhists? Can the pupils reflect these rules to their own life?

Special Books -

The Bible, also known as the Holy Bible-is a library of different books in one book. It is split into the Old testament (before Jesus was born) and the New Testament (When Jesus was born) It includes laws, stories, prayers, songs and wise words. The Christian Bible is a collection of 66 books. The first 39 books are the Old Testament. It is the first part of the God's story of salvation. "Salvation" is God's long work of saving us from our sins. "Sin" is what

happened when people decided to live their own way instead of God's way in the world that God created. That was when God began His great work of saving us from our sins. To prepare the way, God had to destroy the whole world by a great flood, except for the family of Noah. Then God raised up a new people for Himself.

The second part is called the New Testament. The main part of this book is the story of the life of Jesus Christ. The four different versions of this story in the New Testament are called the Gospels. After the Gospels, there is also the story of what happened to the Church after Jesus's death and resurrection.
